My ORCID ID: [Text]

The Open Researcher and Contributor ID (ORCID) is a persistent digital identifier that distinguishes researchers from one another. It facilitates the proper attribution of work by connecting researchers with their publications, research data and other research output (such as software) via a unique personal ID. The international ORCID consortium networks researchers worldwide with their publications and research data; for more information, see <http://www.orcid.org> and <https://www.orcid-de.org>. (German ORCID Consortium).

3.2 Other participating individuals

*Please list researchers from Germany or abroad who will assume **significant project responsibility**. These individuals will not be applying for their own funding or be funded through the project. If funding is approved, the names of participating individuals will be included in GEPRIS, the DFG's online project database (www.dfg.de/gepris).*

Researchers participating in this programme can be assigned the following roles:

- *Co-applicant: researchers at universities and research institutions **in Germany** who, in addition to the applicants, also assume project responsibility.*
- *Cooperation partner: **international** collaboration partners.*

*Please list their project contributions in the Project Description. Additional individuals participating in the project may also be included **there**.*

(Application partners in knowledge exchange projects should be entered under the section Participating Institutions.)

Please provide the following information for each participating individual.

II. Concluding Information

In submitting this proposal to the Deutsche Forschungsgemeinschaft (DFG), all applicants agree to

- adhere to [the principles of good scientific practice](#). The [DFG's Rules of Procedure for Dealing with Scientific Misconduct](#) (Verfahrensordnung der DFG zum Umgang mit wissenschaftlichem Fehlverhalten – VerfOwF) apply.
- have adhered to the [guidelines regarding publication lists and bibliographies](#).
- inform the DFG immediately of any changes to the information provided.
- observe all relevant laws, regulations and guidelines that pertain to the project and in particular to attain all necessary approvals, certifications, etc., in a timely manner.
- use the grant exclusively and in a targeted manner to realise the funded project, to conform to the [relevant regulations of the DFG](#), and in particular not to use the grant to finance core support.
- submit research progress reports according to the dates specified in the award letter and to present financial accounts to the [DFG detailing the use of funds](#).
- **and if applicable**
 - inform the DFG immediately if funding for this project is requested from a third party. Proposals requesting major instrumentation and/or those previously submitted to a third party must be mentioned in the Project Description.
 - inform your university's DFG liaison officer about the proposal submission.
 - plan and conduct any **experiments involving humans**, including identifiable samples taken from humans and identifiable data, in compliance with the most current versions of the German Embryo Protection Act (Embryonenschutzgesetz), Stem Cell Act (Stammzellgesetz), Pharmaceutical Drugs Act (Arzneimittelgesetz), Medical Devices Act (Medizinproduktegesetz), and Declaration of Helsinki.
 - adhere to the regulations and provisions of the Animal Protection Act (Tierschutzgesetz) and the Experimental Animals Ordinance (Versuchstierverordnung).
 - examine whether the proposed project involves dual use research of concern and if so, to weigh the benefits of pursuing this work against the risks of potential misuse and to implement measures to minimise these risks.
 - adhere to the provisions of the Genetic Engineering Act (Gentechnikgesetz) with regard to experiments involving genetically modified organisms (GMO).

[] I/We accept the declarations and obligations listed above. I am/We are familiar with the content of the DFG's Rules of Procedure for Dealing with Scientific Misconduct (Verfahrensordnung der DFG zum Umgang mit wissenschaftlichem Fehlverhalten – VerfOwF) and understand and accept that these Rules of Procedure are legally binding for me/us.

The DFG takes the protection of your personal data very seriously. Please note the DFG's data protection notice on research funding, which can be viewed and downloaded at www.dfg.de/privacy_policy. In signing the compliance form, you confirm that you have read the DFG's data protection notice. Please forward this information to those individuals whose data will be processed by the DFG because they are mentioned in your proposal.

[] I/We have read the DFG's [data protection notice](#).

Before this proposal can be processed, the DFG requires signatures from all applicants listed above certifying that they accept and will comply with the conditions and obligations as stated. Multiple applicants may sign and submit this form jointly; they may also submit a signed copy of this form separately.
