

## **“Second DWIH round table conference at the India Office at German House, New Delhi”**

The 2nd of December 2009 the German House witnessed a brain storming session at the 2<sup>nd</sup> Round table conference for the creation of the “Deutsches Haus der Wissenschaft und Innovation” ( DWIH).

After a brief discussion and approval of the operational concept of DWIH Delhi, issues related to the concrete actions starting in 2011 were discussed by Delhi based German Institutions, Organizations and Universities interested in the field of German Language, Scientific Research and Development.

DWIH would be a one stop shop for all the students, researchers, academicians and Universities from India to get information and assistance in collaboration with their German counterpart for further progress in scientific studies, Research and Development.

Dr. Torsten Fischer, Director DFG India Office alongwith the other Participants of the DWIH Conference
