Special information for German applicants

Currently, there is no DFG program directly equivalent to the JSPS-Program (http://www.jsps.go.jp/english/e-bilat/main.html). However, there is a possibility of applying for DFG grants.

- Grants to Support the Initiation of International Collaboration

  Applicants who want to initiate international scientific cooperation by a bilateral workshop may receive respective funding. Coordinators from the partner country are requested to submit their proposals to their national funding organization (JSPS).
