Come and visit us in San Francisco from December 9-13, 2019 and find out what research opportunities Germany can offer you!

At the heart of Europe, Germany is one of the best destinations for cutting-edge research in geosciences and environmental sciences. Representatives of German funding organizations, outstanding research institutions, research consortia and research training groups are eager to talk to you about the many possibilities and answer questions you may have.

Visit us at our collaborative “Research in Germany” booth or at one of our special events.

We look forward to seeing you!
