**Additional information for applicants requesting funding from DFG**

Please consult the Guidelines and Proposal Preparation Instructions for research grants for further information on eligibility.

Merkblatt Programm Sachbeihilfe, [German](#) and [English](#)

DFG’s regulation concerning *First Time Applicants* will not be taken into account for this call.

All applicants requesting funding from DFG are required to additionally submit their ORA proposals through the DFG’s elan system ([https://elan.dfg.de](https://elan.dfg.de)). Proposals with German applicants that are not entered into elan will be rejected. Please note the following instructions for submission:

- Deadline for elan submission: 18 September 2019
- Funding scheme: Individual Grants Programme/Research Grant (Sachbeihilfe)
- Only one submission in elan, not two
- Outline proposal (Case for Support) is just an attachment and not to be entered in a separate scheme!
- Call to select: ORA VI 2019
- Acronym: Please do NOT fill in an acronym, use it to state the ‘ES/X000000/I’ number from your Outline proposal submission to Je-S. The funding agencies need this information to link the different submissions.
- Title and Summary: You do not have to translate either from English into German. Just copy/paste your English title and summary into the boxes that call for the information in German.
- Note: There are different character limits for the summary in Je-S (4,000 characters) and elan (3,000 characters).
- PIs from the other participating countries are to be added as “Participating Individuals” in the role of “Cooperation Partner”.
- All documents submitted to Je-S are to be uploaded to elan as well.
- DFG-specific documents (e.g. statement from the potential employer for Temporary Positions for PI or the statement by the university for the Replacement Module) need only be submitted to elan, not to Je-S.
