

Module

Network Funds

A module can only be applied for within the appropriate modularised programme. To determine which modules are available to you, please consult the DFG's programme guidelines relevant to your proposal.

I. Objective

Use this module to request funds for the entire network.

II. Description

In research networks it may be appropriate not to assign certain funds to individual projects but to make them available to the entire network. This allows the network to use them more flexibly. These pooled funds are administered by the network coordinator/spokesperson.

III. Proposal Instructions

State and justify the requested funding amount for the entire network.
